- ✓ Work for the Dole Job Active Programs

THE LEARNING JOURNEY: *MORE BENEFITS FOR OUR MOB*

INFRASTRUCTURE

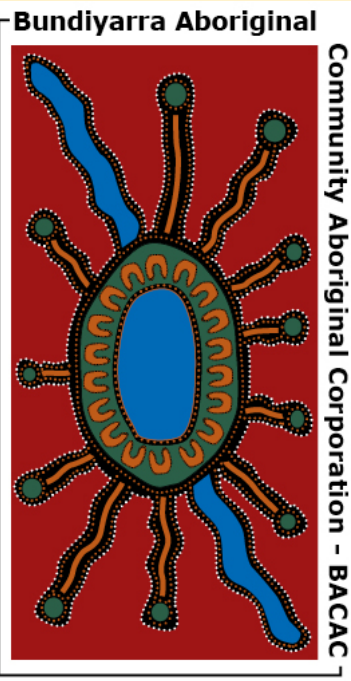

THE LEARNING JOURNEY

Pre-training > training & education > mentoring

EMPLOYMENT

THE LEARNING JOURNEY

Dual Highway approach that will bring greater community together

1. Aboriginal people are able to engage in a range of programs and activities while being provided the opportunity to recognise and learn more about their history and culture.
2. The number of Aboriginal events and activities will increase on Aboriginal land. Greater community will benefit by being immersed in Aboriginal culture.
3. The Aboriginal Cultural Complex will drive wealth through job creation and provide a financially sustainable future for the Corporation and many other local Aboriginal agencies.

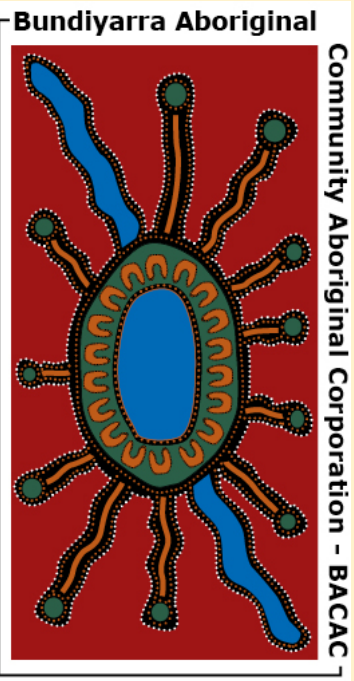

MISSION STATEMENT

Bundiyarra is an umbrella group and resource agency of community-minded Yamajis making a strong contribution to our community by:

Recognising our history and cultural ties within our community

Empowering our community

Being a regional community meeting place

THE LEARNING JOURNEY

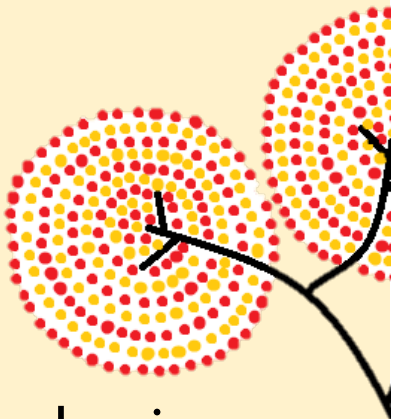

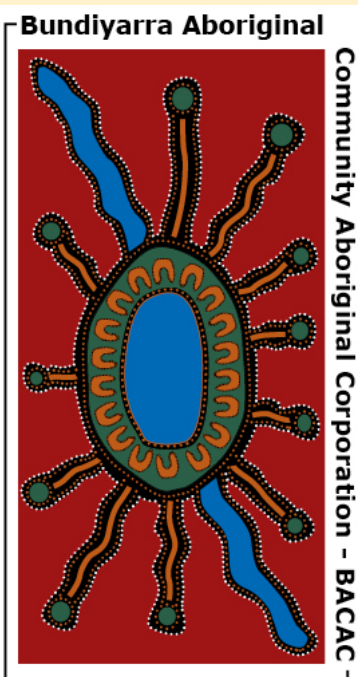

Since February 2016, Bundiyyarra has assisted more than one hundred (100) Aboriginal and non-Aboriginal people receiving Centrelink benefits through our Jobactive programs.

FACT

1. **Seventeen (17) participants through Work for the Dole, Jobactive programs at Bundiyyarra, have secured part time employment at Bundiyyarra within Environmental Health Services, reception, marketing, book keeping and supervisor roles.**
2. **Three (3) have secured employment with outside agencies.**
3. **Steady growth will continue as more infrastructure is completed.**

MY JOURNEY

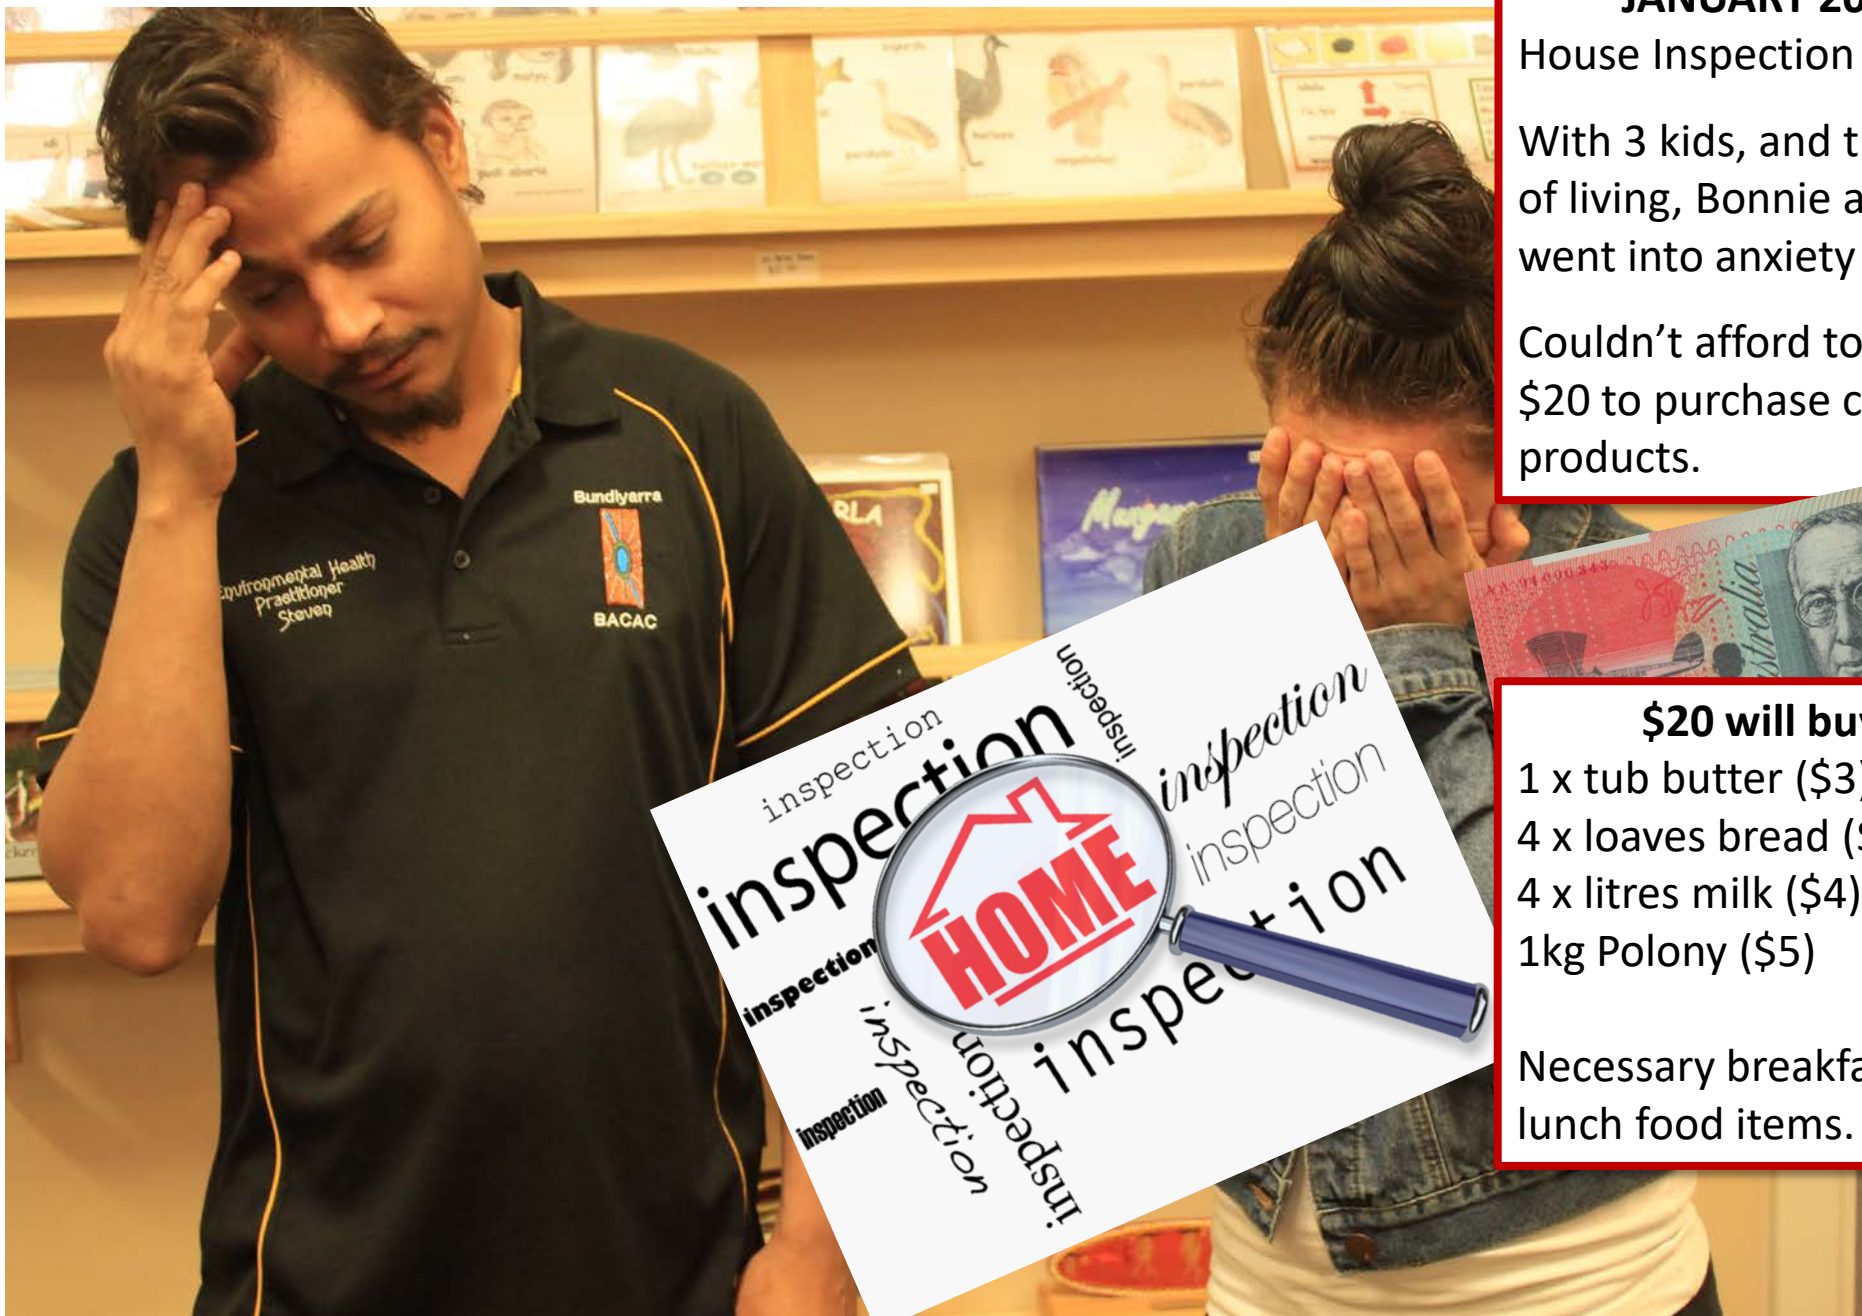

Bundiyarra Aboriginal

Community Aboriginal Corporation - BACAC

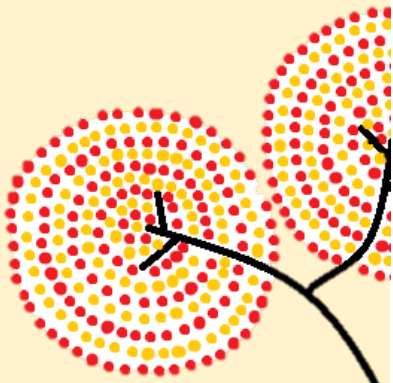

THE JOURNEY

JANUARY 2017
House Inspection Due.
With 3 kids, and the cost of living, Bonnie and I went into anxiety mode.
Couldn't afford to spend \$20 to purchase cleaning products.

\$20 will buy:
1 x tub butter (\$3)
4 x loaves bread (\$8)
4 x litres milk (\$4)
1kg Polony (\$5)
Necessary breakfast and lunch food items.

- ethers Phthalates

Not all labels are easy to look behind. Household products such as cleaners, polishes and air fresheners are not obliged to list their ingredients and from a health perspective this may be a costly omission. In spite of their name, air fresheners do not freshen the air. Instead, strong, long-lasting perfumes mask odours while other chemical ingredients alter your sense of smell making it less acute.

Verified Purchase

Disappointing - Lemon scent

★★★☆☆ 2 out of 5, reviewed on Aug 09, 2017

I decided to give this a try after the heavy adv campaign on tv. I usually prefer lemon smell for the kitchen. It was so unpleasant that I added some bicarbonate soda to it in the attempt to make it better. I managed to finish the bottle but I will not purchase this again. I'm back to my trusted Dettol Kitchen!

Mixed feelings

★★★★☆ 3 out of 5, reviewed on Jan 04, 2017

Personally I don't believe this product cleans all that well, its good for fresh spills and cleaning the toilet seat but otherwise I find it rather useless, however I enjoy all the scents (except lemon!). In saying that I loveeeeeeee pine o clean products (I use the eucalyptuse disinfectant constantly!) and will use again due to their fresh scent that lasts long periods of time.

SAFETY DIRECTIONS:

KEEP OUT OF REACH OF CHILDREN. Corrosive. **May produce severe burns. Attacks skin and eyes.** May give off dangerous gas when mixed with other products. Wear eye protection and gloves when using. Ensure adequate ventilation – vapours may be harmful. Not recommended for people with respiratory problems. Take precaution when using overhead, to avoid product dripping into eyes. Store in a cool place.

good product but be careful

★★★★☆ 4 out of 5, reviewed on Aug 05, 2017

great product , it really get rid of mould, but the fume is terrible , i got sick after using it due to heavy fume that can damage your skin an throat. I think product should be improved to give better fume.

Caution

★★★★★ 5 out of 5, reviewed on Jul 29, 2017

Use it on my shower ...I leave it overnight ...in the morning spotless...brilliant stuff
Caution though.

..very strong smell and will turn skin to sandpaper

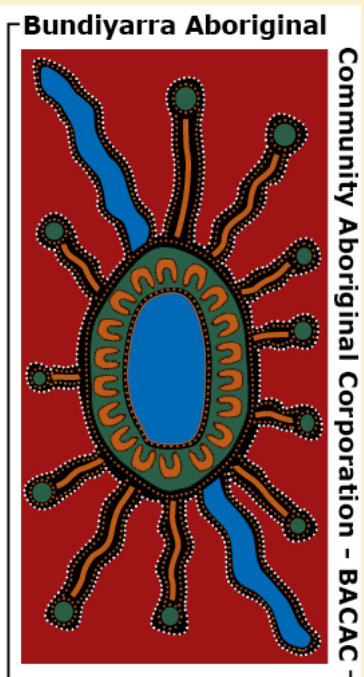

...will bleach your clothes, bath mats, carpets etc

...will also strip chrome off cheap plastic trims in shower (mums house) and leave black streaks on tiles that are very difficult or unable to be remove ...I recommend you test and keep very close eye on for 10 mins or so

Clean your whole house for \$150 per year with white vinegar and bi-carb soda!

What happens when you mix bi-carb soda and vinegar?

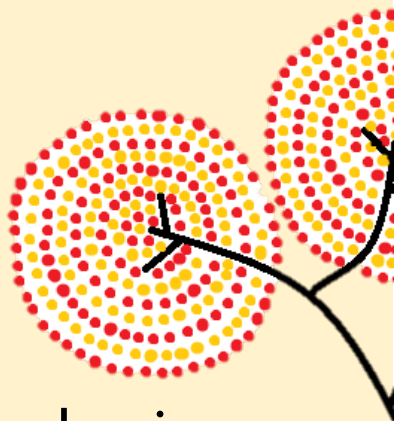

In this reaction, bi-carb acts as a base, and takes a proton from vinegar, which is an acid. The reaction releases gas because when the bi-carb soda receives the proton, it transforms into water and carbon dioxide.

Why does vinegar work as a cleaner?

Acetic acid or white vinegar is a great disinfectant. It also acts as a deodorizer and cuts grease. And you can tackle household bacteria like salmonella, E. coli and other "gram-negative" bacteria with vinegar.

Is vinegar disinfectant?

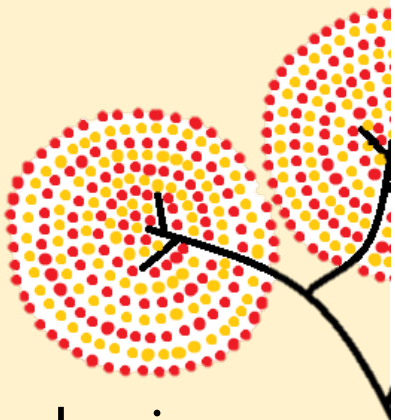

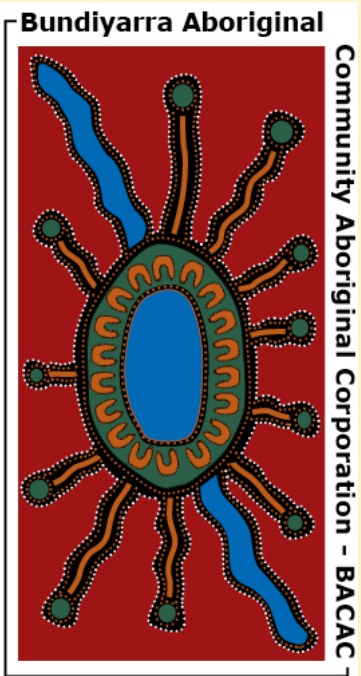

Vinegar can be used as a safer bleach alternative for some applications, like cleaning. It is also biodegradable.
